

Bigfoot Trenchers

A compact yet powerful trencher fitted with quality Digga Planetary Drive and Eaton Hydraulic Motor, 3 position-adjustable skid foot and single spoil removal auger. Unique design gives the operator consistent digging depth, effective spoil removal and finely crumbled spoil for effective compaction back into the trench whilst providing minimal ground disturbance to surrounding conditions and a cleaner job finish.

Features:

- Bigfoot: Up to 900mm digging depth and 200mm digging width with a 1.654" chain
- Bigfoot XD: Up to 1200mm digging depth and 300mm digging width with a 2" chain
- Adjustable Skid Foot to maintain constant digging depth
- Compact, yet powerful Digga Planetary Drive
- Frame can be side shifted for digging close to permanent structures
- 4 different chain options: Earth, Frost, Combo and Diggatac

Ideal Use:

Pipe laying for irrigation, underground power and communications, road repairs and general construction

Machine Suitability:

Bigfoot: Excavators up to 3.5 tonne, Skid Steer Loaders, Mini machines

Bigfoot XD: Excavators up to 3.5 tonne, Large Skid Steer Loaders, Tele-handlers, Back Hoes

Specifications	Mini BFT	BFTXD-1200
Length	1880	2532
