

## Tractor Trencher

Digga Hydrive Trenchers, compact and powerful fitted with a quality Digga Planetary Drive and Eaton Hydraulic Motor. Unique drive system positioning allows for more usable horse power providing greater efficiency.

### Features:

- A hydraulic accumulator, acting as a shock absorber whilst trenching, allowing the trencher to rise if the tractor is running too fast through hard ground, preventing any strain or damage on the attachment and/or tractor
- Adjustable Flow to the hydraulic accumulator allowing the trencher to raise or lower at different speeds
- Adjustable frame with 5 positions to dig at different depths while allowing for varying 3pt linkage heights

### Machine Suitability:
